COVID-19 seasonal guarantee

Ski Andorra offers coverage for all season passes in case the resorts are forced to close due to COVID-19.

If the resorts are closed early and without warning before the 16th of February 2021, when 60% of the season has already been amortized, Ski Andorra will return the value of the unused ski days depending on the type of pass bought. This is done in the form of a personal voucher that can only be used for the following 2021/22 season.

It is calculated that a Ski Andorra adult resident season pass is redeemed in 10 ski days. If the resorts close early and the customer has skied, for example, a total of 7 days, the 3 unused ski days will be returned. Ski days are calculated on the basis of the average pass/day price of the ski resorts and the type of pass.

Season passes that have already been redeemed are not eligible for compensation.

The COVID-19 compensation guarantee expires on 17th of February 2021.

Exclusions

Season passes for skiers 70 years old and above and for children under the age of 6 are excluded from the above conditions and benefits
